## EDUCATION

- Dr. N.G.P. Institute of Technology , Coimbatore  
B.E. – CSE | CGPA: 8.40\*(4<sup>th</sup> sem) | 2023 – 2027
- Sakthi Vigneswara Kalvi Nilayam Hr. Sec. School, Pongupalayam  
HSE | 84% | 2021 – 2023
- Sri Sai Matriculation Higher Secondary School  
SSLC | Cleared | 2020 – 2021

## LANGUAGES

- English
- Tamil

## OBJECTIVE

To contribute effectively to the organization by applying my knowledge, maintaining high professional standards, and continuously improving my skills while working with dedication and integrity.

## INTERNSHIP

### Software Development at Mist Software Solutions, Coimbatore | 2025 | 15 Days

Technologies Used: HTML, CSS, JavaScript, PHP, Bootstrap, Database Connectivity

Skills Gained:

- Hands-on experience in front-end development using HTML, CSS, JavaScript, and Bootstrap.
- Developed basic server-side applications using PHP with database connectivity.
- Learned the web application development workflow, including coding, testing, and debugging.
- Enhanced problem-solving skills and practical knowledge of full-stack development fundamentals.

## PROJECT

### Automated Aerial Object Detection (IoT-based) | 2023

- Built an IoT system using Arduino, ultrasonic sensors, and buzzers to detect aerial objects.
- Processed real-time sensor data and triggered alerts for monitoring.
- Presented the project as a research paper at a college symposium.

### CuraNet – Caregiver Support System | 2024

- Developed a web application to support caregivers of disabled individuals.
- Built frontend using HTML, CSS, JavaScript and backend with PostgreSQL.
- Implemented CRUD operations and responsive UI for better usability.

### PharmaTrace AI – Medicine Authentication System | 2024

- Built a full-stack web application using Node.js, Express.js, and PostgreSQL.
- Integrated Python Flask AI service for fraud detection.
- Implemented QR-based medicine batch verification and supply chain tracking.

### SmartExpensePro – SMS Based Expense Tracker | 2025

- Developed an Android application to automatically track expenses from SMS notifications.
- Extracted transaction details using SMS parsing and text processing.
- Generated expense summaries and category-wise insights for better financial management.

## CERTIFICATIONS & ACHIEVEMENTS

- Certified in Full Stack Java Development – Simplilearn (2025)
- 2nd Prize – Paper Presentation on “Automatic Aerial Object Detection” (2024)

## TECHNICAL SKILL

- Programming Languages: C , Java , Python
- Web Technologies: HTML , CSS , JavaScript
- Database: SQL , PostgreSQL
- Tools: VS Code

## AREA OF INTERSET

- Full Stack Web Development
- Software Development

## SOFT SKILL

- Analytical Thinking
- Adaptability
- Creative Thinking
